WILL MAKE FIGHT ON TAX RAISE

Talk of Contest by Alabama Common Carriers.

RAILROADS OBJECT TO RAISES

Charged that While Other Property Gets Off at 25 Per Cent Valuation, that of Railroads is Placed at Fully 50 Per Cent.

Montgomery, Ala., April 3.—The statement is made on what seems to be good authority that the railroads of the state will fight any raises in taxes on their property above what seems just under the circumstances.

It is charged that railroad property is now assessed at 50 per cent of its real value, as against 25 per cent on other property. The state board of assessment meets Wednesday and the fight will likely come up then. It is understood that injunctions will be sought to prevent any raise if the amounts set out are regarded as excessive.

One hears that the railroad men will stand for any reasonable raise, to the extent that would be natural by increases in valuations all over the state, but not to the extent that some fear will be done. In anticipation of what may be done, both the rail lines and the state officers are getting up statistics showing the trading value of property in each county and the tax values, and the common carriers will fight any raise that puts them out of proportion to the other property holders. However, it is hoped that there will be no fight, many seeming to thing that the state will be content with raises in about the extent of the increases in other holdings.

The board meets Wednesday and is composed of Governor Comer, Auditor Brandon, Treasurer Seed, Secretary of State Julian and Attorney General Martin. Judge J. T. Cook, chief clerk to the auditor is clerk of the board.

Mastin the Candidate.

Montgomery, Ala., April 3.—The governor having called an election to select a man to succeed the late Speaker W. L. Martin, in the legislature from Montgomery, it is conceded that Peter B. Mastin, who came near being elected before, will be the only candidate. The election must be held thirty days after giving notice.

Educators Pleased.

Montgomery, Ala., April 3.—The returning members of the Alabama Educational association are praising Mobile for its hospitality during the sessions last week. There is also a disposition to generally congratulate the state on the officers selected. Many places of historic interest were visited, and much valuable information gathered. The officers are all prominent in school work. They are: President, W. R. Harrison, of Union Springs; first vice president, S. S. Murphy, Mobile; second vice president, Miss Frances Higgins, of Selma; third vice president, J. P. Neff, LaFayette; secretary, W. C. Griggs, of Brewton; treasurer, J. M. Davidson, of Birmingham; executive committee, P. W. Hodges, of Greenville; N. R. Baker, of Mobile, and E. F. Harmon, of New Decatur.

Desperate Duel.

Centerville, Ala., April 3.—Robert Kornegay and John Rotenberry, two white men of this county, engaged in a duel to the death almost, as Rotenberry is fatally cut. They fell out over an account, and at once drew knives. They slashed away at each other until both fell with blood gushing from many wounds.

Laundry Burned.

Wetumpka, Ala., April 3.—The McCoy laundry burned here with a loss of $3,000, and insurance of only $1,700. As no one was in the building at the time, the origin is unknown.

NEGRO HAD SHORT LIBERTY.

Federal Prisoner with Long List of Names is Re-Arrested.

Atlanta, April 3.—A negro with as many names as he has worked the national government in different states was Monday given his release from the United States peritentiary at Atlanta, and before he had time to draw a breath of free air was arrested by a deputy marshal from North Carolina.

As Ed Smith the negro came from the penitentiary, and as Ed Smith he swore off the fine imposed by the Kentucky judge who sentenced him three years ago.

But it was as Sam Johnson he was rearrested and began his journey to Wilmington, in the old Tarheel State where he will get another trial. And with that term completed, still another charge against the same negro will be awaiting an investigation, the only difference being the name under which the culprit shall appear. For some time previous to his arrest postmasters in Ohio anad Kentucky had been cashing raised money orders. Through a half dozen Ohio towns the culprit was traced and into Kentucky he was followed. In the latter state he was convicted.

Artists Visit White's House.

New York, April 3.—Eight hundred persons including artists, connoisseurs and dealers, visited the Stanford White house and viewed the art objects which are to be sold at auction on Thursday, Friday and Saturday of this week. Admission was by ticket. Another public exhibition will be given. Sir Caspar Pardon Clarke, director of the Metropolitan museum art, has made several visits of inspection. His interest indicated that the museum would be an interested bidder.

Will Remain In Jail.

Baton Rouge, La., April 2.—Congressman George K. Favrot, after several months in jail, during which a grand jury indicted him for murder culminating with the final quashing of the indictment by the supreme court Monday, will remain in prison for several more weeks until another grand jury can re-open and act upon the whole matter again. Congressman Favrot shot and killed Dr. R. H. Aldrich, alleging that the physician had cast aspersions on Mrs. Favrot.

Colonial Law In Effect.

St. Thomas, D. W. I., April 3.—The Colonial law for the Danish West Indies went into effect Monday. The Colonial council was dissolved by the governor's proclamation and elections for a new council will take place in a short time. The old military company and most of the police force are abolished and are replaced by a gendarmerie corps. Import duties were raised Monday from 3 to 6 per cent and the postal and customs departments were united under one chief.

Car Shortage In Louisiana.

New Orleans, April 3—Car shortage has caused a movement for water transportation among the Louisiana lumbermen. It was announced on Tuesday that about 2,000,000 feet of lumber is now preparing for shipment on the Mississippi river to points as far north as Cairo, Ill. Much of the state is honeycombed with waterways capable of floating the barges upon which it is proposed to transport the lumber northward.

Will Aid Farmers.

Buenos Apres, April 3.—An important step to aid farmers has been decided on by the Buenos Ayres National bank. The corncern has resolved to accord big credit to farmers in order to avoid compulsory sales. It is stated that no country exports in such haste as Argentine, thus causing disturbances in international markets.

100 Aliens Excluded.

San Antonio, Tex., April 3.—At Laredo and Eagle Pass, ports, 100 aliens were excluded during the month of March. The majority excluded were Japanese. Insufficient funds and disease, creating likelihood of their being public charges, were the most frequent causes of exclusion.

BITLIS RUINED BY EARTHQUAKE

American Missionaries Rendered Homeless.

NUMBER OF DEATHS UNKNOWN

Snow Said To Be 25 Feet Deep and There is Great Suffering—Assistance is Urgently Requested—Great Damage is Done.

Constantinople, April 3.—The report that a severe earthquake, accompanied by loss of life, has occurred at Bitlis, Turkish Armenia, appears to be confirmed, but the number of deaths is unknown.

According to advices received in New York from W. W. Peet, treasury of the Armenian mission at Constantinople, the Americans and their people in the missions at Bitlis have been rendered homeless, the snow in the vicinity being 25 feet deep. Assistance was requested.

According to the records available, the Rev. Royal M. Cole, Lizzie Cole, Dr. H. L. Underwood, Charlotte E. Ely and Mary A. C. Ely, of the eastern Turkey mission, are at Bitlis, and Miss Nellie A. Cole, who had not been appointed a missionary, was working in co-operation with the missionaries of the American board. The station at Bitlis, was established in 1859.

Great Damage Feared.

London, April 3.—The situation of Bitlis, which is built on a rocky slope, with houses constructed on stone, having flat earthen roofs, causes the people to fear that a great amount of damage has been done. It is described as a picturesque, densely populated town, having but few Europeans among the population. A British vice counsel is stationed there, but at present is absent on leave.

Instructions have been sent to the local authorities to afford relief to the inhabitants, but there is no doubt that outside help is needed.

Idol of Nicaraguan Army.

Washington, April 3.—Senora Zelaya, the wife of President Zelaya, of Nicaragua, has made herself the idol of the Nicaraguan army by her active service at the head of the Red Cross, in recent battles between the Hondurians and Nicaraguans, according to James Deitrick, a mining engineer with interests in Honduras and Nicaragua, who called at the state department Tuesday to discuss the Central American troubles. Senora Zelaya rode more than 150 miles on mule back to reach the scene of military operations," said Mr. Deitrick, "and she personally assisted in caring for the sick and wounded of both the Honduran and Nicaraguan armies. The people of the republic have always been devoted to her, but her popularity is now unprecedented, and she is greeted as a second Florence Nightengale."

Situation Is Unchanged.

Chicago, April 3.—The conference between the managers of the western railways and the trainmen and conductors was resumed Tuesday with Commissioner Knapp of the interstate commerce commission, and Secretary Neill, of the United States labor commission acting as peace makers. The situation at the opening of the conference was not changed from Monday night. The men have accepted the increase offered by the railroad, but still stand out for a working day of one hour. The railroads are obdurate on this point and insist that they have made all possible concessions. It is expected that the conferences will continue for several days more.

Death of Mgr. Nocedal.

New York, April 3.—A special cable dispatch from Madrid to the Prensa, of Buenos Apres, announces the death of Mgr. Nocedal, whose nomination as archbishop of Valencia aroused so much opposition, in political and social circles. He was formerly in the Philippines and went to Spain at the conclusion of the war.

GREAT WAVES FLOOD HAVANA.

Portion of City Along Water Front Inundated.

Havana, April 3.—A portion of this city along the water front is inundated from the sea.

Exceedingly high waves are dashing over the sea wall outside the harbor and many streets are flooded.

The famous Prado is a heap of water almost as far as the Central park. In some cases those caught in the flood have had to swim.

The police are rescuing people from dwellings of 1-story in boats. It is feared that some of the houses under water will colapse. The fire department has been called out to Vedado, where the water is reported to be endangering lives.

The men are searching the property along the sea front and rescuing those in danger. The water has put a stop to the car traffic between Havana and Vedado.

Reply to Bill of Equity Awaited.

Concord, N. H., April 3.—The bill in equity filed last February by Geo. Washington Glover, of Lead, S. D., and others in behalf of Clover's mother, Mrs. Mary Baker G. Eddy, against a number of Christian Science officials to compel an accounting of her property and to bring about the appointment of a receiver, was returnable in the Merrimac county superior court here Tuesday. There was much interest in Tuesday's proceedings but, according to the attorneys connected with the case, a hearing by the court at this time was not anticipated. Under the laws the defendants are called on to file a document in reply to the bill in equity or else ask for an extension of time. Former Senator William E. Chandler, chief counsel for the plaintiffs, is in Washington and will not come to this city until a hearing in court is held.

Brewery Works' Strike.

St. Louis, April 3.—The executive committees of the several local unions of Brewery Workers who are on strike, met Tuesday morning to consider the propositions made by the brewery owners who were in conference until late Monday night. If the controversy is settled Tuesday, it is understood the strikers will be permitted to return to work at once.

Grain Merchant Commits Suicide.

Omaha, Neb., April 2.—A. B. Jaquith, a prominent grain commission man of Omaha and one of the original promoters of the Omaha Grain Exchange, shot and killed himself at his home Tuesday morning. His suicide is attributed to discouragement over recent adverse transactions. He was about 45 years old.

Prepare for Meeting of Kings.

Madrid, April 3.—Preparations for the coming meeting of King Edward and King Alfonso, are progressing. There will be a banquet on the warship Numancia at Cartagena, at which 100 covers will be laid. A feature will be the electric light display in the port. This will include the initials of the two kings in letters 46 feet high.

Used Dynamite on Ship.

London, April 3.—A dispatch from the Lizard Tuesday announces that the White Star liner Suevic, which went ashore near the Lizard on March 17, was cut in two Monday by means of the extensive use of dynamite and that her after part was finally towed into port. Her fore part is firmly fixed on the reef.

Elections In Nebraska.

Omaha, Neb., April 3.—All cities and towns in Nebraska, outside of Omaha, South Omaha and Lincoln, held their regular elections for the selection of municipal officers Tuesday. In many towns vigorous campaign of local issues have been waged, the liquor question being most in evidence.

Represented at Funeral.

Paris, April 3—President Falleries was officially represented at the funeral of Mme. Casimir-Perier, mother of the former president of the republic by M. Dubost. Mme. and Mlle. Farreries were also in attendance.

FIVE PLANTS ARE BURNED AT SALISBURY

Entire Manufacturing Block Reduced to Ashes.

MANY TRAINS WERE BLOCKED

Work of Firemen Is Handicapped by Low Water Pressure, Wind and the Lack of Sufficient Amount of Fire Hose.

Salisbury, S. C., April 3.—The most dangerous fire in the history of the city broke out here Tuesday morning at 7:30 o'clock, and burned until 9:30 o'clock, completely destroying the manufacturing block just east of the passenger depot, located on the old Lanier lot.

Five manufacturing plants were destroyed, and the loss is roughly estimated at between $25,000 and $30,000.

All trains were blocked for an hour on account of the fire, which was difficult to check, because of low water pressure, wind and lack of hose.

At one time six buildings were burning.

The fire originated in the woodworking plant of Hartman & Gaither, from the engine, the flames being first discovered in the roof.

V. Wallace & Sons, owners of the burned buildings; R. G. Martin, contractor, and the Barber Buggy and Wagon company are the chief losers.

Atlanta, April 3.—Flames at an early house Tuesday morning practically gutted Durand's restaurant at 11 East Alabama street; badly damaged Heinz & Sons, guns and hardware, and slightly injured Oppenheim's saloon, Brown & Allen's drug store, and Essig Bros., clothiers.

It is stated that the fire started in Durand's restaurant in the kitchen in the rear, and spread upward to the top of the building. As a result, the ladies' cafe, the Bohemian, and a private dining room on the second floor, suffered more severely than the lunch room.

The alarm was turned in about 12 o'clock and the fire raged fiercely for over an hour.

For awhile it looked as if the entire block might be ravaged as the fire was under good headway before the alarm was sounded.

The loss will reach probably a total of $25,000.

Will Soon Begin Prosecutions.

Washington, April 3.—The department of agriculture is making preparations to begin prosecutions under the pure food law at an early date and Dr. Wiley, under whose directions as chief of the bureau of chemistry, the work will be conducted, has given instructions to his inspectors to secure as soon as possible the samples on which the accusations will be based. The offending establishments have generally been located and nothing remains to prepare a basis for the proceedings, except to obtain specimens of the articles alleged to be adulterated or impure. There will soon be forty or fifty inspectors in the field and Dr. Wiley expresses the opinion that a large number of prosecutions will result.

China Borrows $2,000,000.

Berlin, April 3.—According to a dispatch received here from Shanghai, the Chinese government has borrowed through a German firm at Tien Tsin, two millions of dollars for the uniform equipment of the Chinese army.

Leaves Washington for Hot Springs.

Washington, April 3.—Emil C. Joubert, the South African general who has been in ill health for some months, has left Washington for Hot Springs, Ark., where he will remain under treatment for two months.

Japanese Warships Pass Aden.

Aden, Arabia, April 3.—A dispatch received from the island of Perim, at the entrance to the Red sea, announced that two Japanese warships bound for Hampton Roads, passed there Tuesday morning.

Alderman Cushman moved that the assessment on real property of Willie McRae be reduced from $600 to $300, and on personal property cancelled, which motion was carried.

Alderman Taylor moved that the city pay one-third of the cost of curb and gutter on east side of Myrtle street and south side of Seminary street around the property of B. F. Williamson, provided Mr. Williamson construct granolithic sidewalk. Motion carried.

Alderman Taylor moved to refer complaint of W. J. Denby regarding apparent irregularity of water meter, etc., to Water Committee, which motion was carried.

Alderman Bunch placed in nomination the name of W. S. Broome for City Attorney for the coming year, and there being no other nominations Clerk Dell cast the vote for Attorney Broome.

Alderman Taylor nominated E. A. O'Neill for Chief of the Fire Department to succeed himself for one year. Chief O'Neill having no opposition, the ballot was cast by Clerk Dell.

Alderman Cushman moved that the chairman of the Election Committee be instructed to have portable booths constructed. Motion carried.

A motion was made by Alderman Cushman authorizing the Chief of the Fire Department to purchase 500 additional feet of hose, which was carried.

The Council adjourned to Thursday evening.

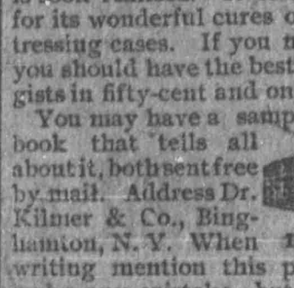
Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.



What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

BASEBALL SEASON

Will Open This Week With Series of Two Games With Stetson.

The Oak Halls of Gainesville open the local baseball season Friday and Saturday by taking on the strong team of Stetson University of DeLand.

Stetson has played fourteen games and has only lost four this season. They unquestionably have the best college team in the State—in fact they could compete with teams of the minor leagues.

The Oak Halls have been practicing steadily for sometime past and the team, with the addition of some new players, is much stronger than it was at the close of last season. It is needless to say that the Oak Halls will strive to win these games with the same spirit that has always characterized the teams of Gainesville.

The grounds have been put in good condition, the bases being clayed and the fence repaired. These games will positively be called at 3:30 sharp.

INSTALLATION OF OFFICERS.

Gainesville Lodge of Elks Will Have Interesting Meeting Tonight.

The meeting of Gainesville Lodge No. 990, B. P. O. E., promises to prove of unusual interest tonight for two reasons, being the installation of officers, which ceremonies will be followed by a collation.

A collation with the Elks anywhere means a lot of good things to eat, and Gainesville lodge is no exception. The committee in charge of refreshments is composed of Geo. P. Morris, chairman, and E. A. O'Neill, L. M. McCormick and T. B. Ellis, Jr., which in itself is a sufficient guarantee that there will be a plenty of it, and the best quality, temptingly served.

JUDGE BELL FEELS GREATLY ENCOURAGED

Has Secured Municipal and County Endorsement For Home.

SCHOOL CHILDREN INTERESTED

Matter Was Presented to Them Tuesday, and More Than Four Hundred Showed Enthusiasm by Subscribing to the Soldiers' Home Fund.

Judge Phares Bell of Ohio, a Union Veteran who has been working with a great deal of ambition for several years in the matter of organizing and erecting a Union and Confederate Veterans' Home in or near Gainesville, does not seem to be discouraged. In fact, he is more encouraged now than ever, since he has been successful in interesting the City Council, the Board of County Commissioners, and the public school of the city to endorse his plans.

At the regular meeting of the City Council on Monday night the plan and project was endorsed. The same action was taken by the Board of County Commissioners at their meeting Tuesday, and on Tuesday noon, when the matter was presented by Prof. T. F. McBeath, principal, before the Gainesville Graded and High School, over 400 children signed a list subscribing various amounts to the cause, pledging to pay when the project was a success in reality.

Judge Bell, who is very enthusiastic on the subject of securing this home, declares that he will not stop until his fondest hope is realized, and, notwithstanding that he is a little advanced in years, having turned the half-century mark sometime ago, he believes he will yet have the consolation of sitting upon the cool veranda of this magnificent edifice and note the achievement of his gigantic effort.

Judge Bell expects to make his departure in a day or two for Jacksonville and Savannah, where he will go in the interest of the home.

DEATH OF OLD RESIDENT.

Dr James Stuart Lewis Passed Away at His Millwood Home Tuesday.

Mr. and Mrs. J. Stuart Lewis of Tallahassee passed through the city Wednesday en route from Millwood, Marion county, where they were called several days ago on account of the illness and subsequent death of Mr. Lewis' father, Dr. James Stuart Lewis, which occurred on Tuesday morning.

Deceased was advanced in years, having been born in South Carolina eighty years ago. He graduated from the University of Virginia in 1846, and entered the Philadelphia Medical College, from which institution he graduated two years later. He moved to Florida in 1855, and on February 29, 1860, married Miss Mary Heath Owens.

Deceased enlisted in the Confederate service at the beginning of the strife between the States, and served four years as a surgeon with distinction.

The funeral was held Wednesday morning, the interment being in the Millwood family burying-ground. The service was largely attended by friends of deceased from every section, many of whom have known him for years, and who esteemed him very highly.

Mr. and Mrs. Lewis are well known throughout this section, and they have the sympathy of friends.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

ORGANIZATION OF STATE LAW-MAKERS

Both Branches of Legislature Organized and Down to Business.

GOV. BROWARD'S MESSAGE

It Was a Lengthy Document, and Touched Many Important Subjects of the Day—Senator Beard Introduced Resolution Great Importance.

Tallahassee, April 3.—Both houses of the State Legislature were organized yesterday at noon by the unanimous election of the officers and assistants nominated at the Democratic caucus the night before. In the House Mr. Pettigrew, Socialist, voted with his Democratic colleagues in the election of Speaker Matthews, Speaker pro tem. Knowles, and the various attaches of the House. In the Senate retiring President Trammell turned over the gavel to President Harris, both making brief and appropriate speeches, Speaker Matthews also making a very short but sincere speech of thanks upon being conducted to the chair in the House.

Chief Justice Shackleford swore in the members of the House of Representatives, and Justice Whitfield the newly-elected Senators, the ceremony in both houses being very impressive.

Upon organizing the two houses appointed committees to notify each other and the Governor that they were organized and ready for business, and a short while afterwards Private Secretary Simmons entered with the bi-ennial message of Governor Broward. It was ordered spread upon the journals of each house, the formality of reading it being passed over.

The Everglades question is not discussed, nor is State life insurance, in the message, excepting to say that the latter subject will be made the subject of a special message. The question of taxation is covered thoroughly and franchise taxes advocated. It is urged that the railroad commission be given additional powers, including control of the physical properties of the roads. The State militia receives attention, and a strong plea is made for education, especially for the elementary and rural schools of the State. Uniform text books and compulsory education are both advocated, also a direct levy for the higher institutions, instead of paying their expenses out of the general revenue fund. The consumption problem is discussed at length, and measures urged to prevent infection. Brief attention is given the pardoning board, the prison system, the reform school for children, and child labor, the latter being denounced as one of the greatest crimes in the land. Brief mention is made of the Hospital for the Insane, and considerable space is given to good roads, the fish and oyster industries, protection of game and forests, and immigration. Lobbying is condemned, and deportation is suggested as the remedy for the rate problem. The question of good roads is treated at length, and a number of other matters are touched upon. In conclusion the Governor makes an attack on papers which he declares have maligned the administration now in office.

The only action of importance beyond the usual formalities yesterday was the passage of Senate concurrent resolution No. 1, introduced by Senator Beard, providing for the appointment of a joint committee to investigate the Internal Improvement Fund, with sweeping provisions. While the resolution was under discussion, a special message was taken up in the Senate from the Governor, and was found to contain an urgent request for a thorough investigation of the actions of the Trustees of the Internal Improvement Fund, of which board he is chairman, and the Beard resolution was passed unanimously, after which the Senate adjourned until two o'clock this afternoon. Meanwhile the House had completed its work for the first day and adjourned until ten o'clock morning.

COUNTY JUDGE'S COURT.

James James, For Shooting Wife, Held Under Bond of $500.

James James, whom it will be remembered shot his wife at their home near Melrose a few days ago, inflicting a painful wound, mention of which appeared in The Sun, was arraigned before County Judge Mann Wednesday. When he was committed to jail to await the action of the circuit court under a charge of assault with intent to murder. A bond of $500 was required, which James was unable to give.

James was arrested by Deputy Sheriff J. L. Ford of Melrose, who happened to be in the vicinity and heard the shot. Officer Ford was passing the home of the man, whom he saw sitting in the door with a shotgun across his lap. He could hear James talking to his wife in an exciting manner, which convinced him at the time that the two were quarreling. When he had gone a short distance further he heard the report of the gun, returned to the house and found the woman wounded. The man was then placed under arrest and brought to Gainesville, where he has since been in jail.

The hearing would have been brought up earlier had it not been for the fact that the condition of the woman would not permit her to come as a witness earlier. While the wound is quite painful, indications are that she will now recover.

LABORERS ARE SCARCE.

Contractor Beeman of the Sewer Work Declares It Difficult Problem.

Contractor Beeman, who is installing the sewerage system, is making fairly good progress under the circumstances, but complains of the scarcity of labor, which it has been almost impossible to secure. He is working now only about twenty-five men, when double the number could easily be employed. He is negotiating for the employment of twenty-five Greeks, who have been engaged in the sponging industry on the Gulf coast.

For a long time Contractor Beeman experienced considerable trouble in the delay of material, which necessitated several times the suspension of work. The material is arriving with more regularity now, however, and no further trouble is expected from this source.

With no further interruption in the work, the system should be completed within the next three or four months.

MR. DAVIS TO SPEAK.

American Advent Mission Secretary and Treasurer to Speak Tonight.

The Sun has been requested to announce that A. H. Davis of Boston, the secretary and treasurer of the American Advent Mission Society, will deliver an address at the Advent Christian Church, East Main street N., tonight, beginning at 7:30 o'clock. A cordial invitation is extended to the public.

Mr. Davis enjoys the reputation of being an eloquent and impressive talker, and those who hear him will no doubt be pleased.

THE NEW OAKS.

Elegant Plans Have Been Submitted. House Will be a Modern One.

Several days ago The Sun contained a notice to the effect that Major W. R. Thomas, the new proprietor of The Oaks, expected soon to thoroughly remodel and enlarge the hostelry, and that plans were being prepared.

It is stated now that the plans have been received, and they contemplate many improvements in the property as well as an addition. It is said that when The Oaks is completed under these plans it will be a fifty-room hotel, modern in every respect, and a credit to the owner and the city.

Being located on one of Gainesville's handsomest residential thoroughfares, surrounded by towering oaks under which is stretched a beautiful lawn, this resort certainly appeals to lovers of nature as an ideal living place, and the proposed improvements will add more to its attractiveness and beauty.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

SUNDAY SCHOOL CELEBRATION

Twenty-Fourth Anniversary of La-Crosse School Will be Observed.

The good people of LaCrosse are anticipating with a great deal of enthusiasm the twenty-fourth anniversary of their Sabbath school next Sunday.

Superintendent H. C. Parker, who was in Gainesville two or three days ago, announced that the exercises, which would begin at 2:30 o'clock in the afternoon, would be the most interesting ever held in that church.

Among the visiting speakers will be Superintendent of Schools Dr. J. L. Kelley, who will reply to the address of welcome by the pastor, Rev. F. M. Hartman, and Captain Geo. M. Lynch, president of the Jasper Normal Institute, who will deliver an address on "Character Building From the Bible."

The public is cordially invited to these exercises.

In The Mayor's Court.

In the mayor's court Wednesday morning there were a number of cases, which were disposed of as follows:

L. W. Jackson and T. W. Hughes, charged with fighting, were required to pay a fine of $5 and cost each.

Revs. David Hall and John Cowan, the colored divines who were arrested Tuesday for fighting, were arraigned. Cowan was fined $2.50 and costs, while Hall was discharged.

John Yeon, for disorderly conduct, being charged with talking profanely to his mother-in-law, was fined $10 and costs.

William Brown, whom it is alleged struck Friday Williams with a brick, was fined $2.50 and costs upon a charge of disorderly conduct.

A Fine Pair.

J. J. Haymans, who resides on Rogers avenue, East Gainesville, is the recipient of a pair of fine bulldog pups, which were shipped to him by S. D. Dunn of Dade City. While the pups are very young, the trace of the thoroughbred is easily discernible, and it is safe to say that they will make a good pair.

Good manners are a short cut to one's goal. They lubricate the wheels of life instead of obstructing them.—Wharton.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

DEFENDS REV. SOLON BRYAN.

W. D. Upshaw Pays Tribute to Character of Suspended Minister.

Americus, Ga., April 3.—William D. Upshaw, who is here, furnished a statement in reference to the recent published announcement concerning the suspension of Rev. S. H. Bryan, of Millen, Ga., from the Methodist ministry, pending investigation, in which he said:

"I read with great pain the story about Rev. Solon H. Bryan in the papers. Of course, I take no position in the details of the charges against him, but I do feel constrained to say that I have known Mr. Bryan for years, and I must believe that there is a fearful mistake somewhere.

"He was my private secretary and manager on the lecture platform for a long time and then I had him with me at Mercer university about two years. It was my privilege to be his friend in his struggle for an education. I knew him under every circumstance that could test a man's character, and I do not believe that the man I knew, Solon Bryan, is capable of immorality.

"Of course, he does not dream that I am making this statement, but I feel in simple justice to one of the noblest of men I have ever known to express my unqualified confidence in the honesty of his heart and the purity of his character."

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

Fruit Not Hurt by Low Temperature.

Eatonton, Ga., April 3.—While there was a drop in the temperature of between 35 and 40 degrees, it was not cold enough to hurt the fruit crop. The state of the crop is such that should a freeze occur the destruction of fruit would be complete, as the blooms have just about finished dropping. The present prospects for an abundant crop have never been better.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, [illegible] sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Safe in California.

Mobile, Ala., April 3.—United States District Attorney W. H. Armbrecht, of this city, who left Mobile on March 24 for San Francisco who held a conference with the District attorney in that city is safe in California. He was delayed for two days by a wreck on the Mobile and Ohio, delayed at St. Louis, and it is known he stopped at Los Angeles. His ticket read by the Union Pacific. No alarm is felt for his safety. He was heard from Monday at Los Angeles by his wife in this city.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Danger of Race War Over.

Oklahoma City, Okla., April 3.—All danger of a race war at Cole, I. T., as a result of the lynching of Jim Williams, a negro, who had assaulted a white girl, is over, according to a telephone message received here Tuesday from United States Marshal Bledsoe, of Durant, who had sent a number of deputies to the scene of trouble. There were no indications of trouble, and it was believed normal conditions would now prevail.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Relieving Peasantry From Oaths.

Bucharest, Roumania, April 3.—The Metropolitan of Bucharest will issue shortly a pastoral letter releasing the peasantry from the oaths which they took on enrollment in the insurgent forces. This is expected to assist in the work of pacification, many fanatical rustics having sent on word that they would not cease plundering until absolved from the oaths. Quiet continues to prevail in Moldavia.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

HOUSE OF NAPOLEON.

The Dwelling In Corsica In Which the Great Man Was Born.

Historically, Ajaccio, Corsica, is of the utmost importance, for here it was that on the 15th of August, 1769, Napoleon Bonaparte was born, and here it was that the future emperor spent his youth, enlightened by an intelligent and lovely mother. The "Casa Napoleon" is one of the—or, I should say, the principal building in Ajaccio. It is a solid three story building, with gray stucco walls and a number of large windows. Situated in the old part of the town, one would scarcely find it were it not for the boys who tender their services to guide the stranger to the place.

Although plundered in 1793 by the partisans of Paoli, the heroic Corsican fighter for liberty, the house still contains a few reminiscences of the great warrior. Besides a number of ordinary rooms, each room containing some furniture, one finds the bedroom where Napoleon was born, as well as Napoleon's sleeping and study room, with his bed and table; his father's study, still beautifully furnished, and the drawing room, in which are his mother's piano and her sedan chair.—Theodore de Veer in Four Track News.

THE WORD "FELLOW."

Its Honorable Beginning and Its Latter Day Decline.

The degeneracy of a good word was illustrated in a case at Branksome (Dorset), in which a witness spoke of the defendant as "this fellow" and was ordered by the bench to substitute "this man." "Fellow" began very honorably by meaning a person who put down money with others in a joint undertaking, its component parts being akin respectively to "fee" (property) and to "lay" and "law." To this day it is dignified to be a fellow of a college, and nobody minds being called a "fellow citizen," a "fellow Christian" or a "good fellow."

But ordinarily "fellow" alone ranks now as in the painful scene in which Mr. Tupman said, "Sir, you're a fellow," and Mr. Pickwick retorted, "Sir, you're another." In the fourteenth century it was customary to call a servant "fellow" in kindly condescension. Perhaps that explains the word's decline, though it may be due to the use of "fellow" in the sense of boon companion. "Companion" and "mate" also were contemptuous at one time.—London Chronicle.

Percy Bysshe Shelley.

While it is as a poet that Shelley will always be remembered, the fact must not be overlooked that he had a passion for reforming the world, before all things. He wrote many valuable essays and pamphlets on questions of the day some time before he astounded the world with his brilliancy as a poet. Of his lyric work it has been said that it "presents a sum total of high creativeness, profound thought and transcendent music such as cannot be found elsewhere in English literature."—Pearson's Weekly.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

OLD SORES FED AND KEPT OPEN BY IMPURE BLOOD

A great many people have an idea that old sores exist merely because of a diseased condition of the flesh where the ulcer is located. They patiently apply salves, powders, plasters and other external applications, but in spite of all such treatment the place refuses to heal. Whenever a sore or ulcer does not heal readily the blood is at fault; this vital fluid is filled with impurities and poisons which are constantly being discharged into the place, feeding it with noxious matter, which makes it impossible for the sore to heal. Old sores may be the result of an inherited blood taint, or the effects of a long spell of sickness, or again the circulation may be contaminated with the collections of refuse matter which the different members have failed to expel through the channels of nature. Whatever the cause the blood becomes steeped in poison and a cut, bruise, scratch or other wound often develops into a sore, fed and kept up by these impurities, causing it to eat deeper into the surrounding tissue, inflaming, festering and causing pain. External applications can only keep the sore clean; they cannot cure the trouble because they do not reach the blood. S. S. S. cures Old Sores by going to the very bottom of the trouble, driving out the impurities and poisons and purifying and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, the place scabs over and is soon permanently healed. MEXICO AND SOUTH AMERICA

If matters develop as they now promise, the present Central American row will not be an unmixed evil. There is as usual a fight on between the turbulent little Southern Republics. But this time it has drawn Mexico to the front and it seems she is minded to join the United States in stilling the squabble, and if necessary spanking the bad children into quiet. This is a more important development in the Western Hemisphere than may be casually recognized. Heretofore this government has had a monopoly of the peacemaking when the South American States fell to wrangling. We have had the Monroe Doctrine for some generations, and latterly we have developed the policy of "the big stick." This is all very well, and it is better to preserve peace in the Western world at any price than not preserve it at all. But the little South American countries are naturally somewhat suspicious of us. We are too big, we speak a different language, and we have different ideas and ideals. But Mexico is really more like a big brother to them. They may think she will play fair with them, and that we will see that she does. And she can look at things more from their point of view than we can, even with the best intentions in the world. Mexico knows that she has the United States back of her should European complications threaten. So the situation is very satisfactory, and we can heartily welcome her advent into South American arbitration.

The Treasury is not the only department that is having its labor troubles. Since Secretary Garfield took hold of the Interior Department and found the work of all the divisions so much behind he issued an order that the clerks should stay half an hour longer each day till they caught up with the arrears. The congestion has been particularly marked in the patent office, where it was due largely to the bad management of the commissioner of patents in failing to handle the force under him properly. The extra hours were thought to be a hardship by all of the men, and two of the chief examiners this week had good chances to resign and go into private business and promptly accepted the chance. A number of the other subordinate examiners have already put in for their vacation leave and have left their resignations behind them in the office. So the work is likely to be more delayed than ever.

Secretary Cortelyou is certainly trying to help out Wall street all he can, for besides paying interest on bonds in advance, he has also loaned the Wall street banks $35,000,000 more of the people's money—without interest, of course, and promises more if needed. Thus the frenzied financiers get returns from their campaign contribution to the Republican campaign fund.

All that was charged by the Democrats before election of the corruption and grafting in the construction of the Pennsylvania State House is more than verified by the investigation now in progress. Moral: Don't put cotton in your ears when the Democrats openly charge Republican rascality.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Since the denatured alcohol bill was amended, presumably to make the measure of some benefit to the farmers, there has been no greater rush to take advantage of the law than there was before when the distilling of denatured alcohol was left entirely in the hands of the big distillers, namely the Whiskey Trust, namely the Standard Oil Company, that owns a majority of the trust stock. There is something almost mysterious in the way that this measure has failed to confer the immense benefits on the country that were expected from it. Possibly the manufacture of this tax-free alcohol may be taken up by the farmers in the course of time when they know more about it. But at present it is an infant industry not even susceptible to feeding bottle encouragement.

He didn't have a dollar; he didn't have a dime. His clothes and shoes were looking just as though they'd served their time. He didn't try to kill himself to dodge misfortune's whacks. Instead, he got some ashes and he filled five dozen sacks. Then, next he begged a dollar. In the paper in the morn he advertised tin polish that would put the sun to scorn. He kept on advertising, and, just now, suffice to say, he's out in California at his cottage on the bay.

Pittsburg papers are now pointing with pride to the fact that the recent flood was the biggest since the deluge, and that the residence section of the city has Mt. Ararat beat to a standstill. Local pride has various manifestations.

ST. PATRICK'S DRUM.

The Sunken Rock and the Legend of the Banished Snakes.

There is an old legend to the effect that St. Patrick banished all reptiles from Ireland by beating a drum, but no one probably seriously believes the story. According to the myth, he took his drum out for the purpose mentioned and commenced pounding it so vigorously that he knocked a hole in the drumhead, thus seriously endangering the success of the miracle. While pondering what to do St. Patrick was astonished by the appearance of an angel, who immediately set to work to mend the broken musical instrument. After the hole had been mended the angel vanished, and St. Patrick continued the work of serpent banishing, being successful in ridding the island of every representative of the snake tribe except one old stayer who had lived so long that his tusks protruded from his mouth like horns. This monster refused to leave the "land of his fathers," and the good saint resolved to practice a little piece of strategy. He removed the patch which the angel had put on the drumhead and then persuaded the serpent to creep into the drum for the night. When the reptile had done as requested, St. Patrick glued down the magic patch and then threw drum, serpent and all into the sea. A sunken bowlder off the west coast of Ireland is called St. Patrick's drum.

A WEAK HEART.

It Need Not by Any Means Point to a Short Life.

The heart is perhaps the organ of the body least known by members of the medical profession, and many a man who has been told he would die in a given time has outlived the doctor who pronounced his doom.

Heart disease is coming to inspire less and less terror in the average man, and nine men in ten who are allotted ten years to live double that time to die of an entirely foreign complaint.

"Some years back," says Dr. Warren Schoonover, Jr., in the Medical Record, "heart diseases were a cause of great worry and fright to the laity as well as to the profession, but now they are handled so successfully by the physician that the patients live on under proper therapeutics until the end of the term of their natural life without much difficulty from the diseased organ. In the practice of one physician was a case which was under the care of his grandfather from 1830 to 1856, his uncle from 1856 to 1882 and himself from 1882 to 1893, when the patient died at the age of ninety-three, having been under the care of the first physician for twenty-six years, the second for twenty-six years and the third for eleven years, a total period of sixty-three years."

LEGAL NOON.

A Time That Seems to Vary in the Different States.

The courts of several states have dealt with an odd question, none of them agreeing upon a similar answer. When is it legally noon? Fire insurance policies expire at noon, and the word is admitted to mean exactly 12 o'clock midday. But standard time has not been adopted in all communities. Many small towns cling to sun time, which may be from a few minutes to nearly an hour earlier than standard. In one state a fire occurred at two minutes past noon, sun time, and the insurance company held that the policy had expired before the fire. Sun time is used in that town, but the insured sued the company, holding that local customs did not rule the policy and that he was entitled to his insurance. The state courts sustained him. In another state a similar contention was taken to the courts and just the opposite decision given. Several conflicting precedents have been established in state courts, and it is said the question can only be decided for good and all when a case has been carried into the United States courts and passed upon by the supreme court. —New York Press.

Influenza.

Influenza derives its name from an Italian word meaning influence. It was thus entitled by the Italians in the seventeenth century because they attributed the disease to the influence of the stars. A very common belief is that influenza is a comparatively modern disease, disassociated from a general class by latter day medical men, but this is far from being the case, for the illness has been mentioned by ancient writers as far back as the fourteenth century, there being records of its appearance in France in 1311 and 1403.

Absentminded.

Benson—I have a literary friend who is so absentminded that when he went to London recently he telegraphed himself ahead to wait for himself at a certain place. Smith—Did the telegram have the desired result? Benson—No; he got it all right, but he had forgotten to sign his name, and, not knowing who it was from, he paid no attention to it.—Pearson's Weekly.

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5—That this ordinance shall take effect immediately upon its passage and approval.

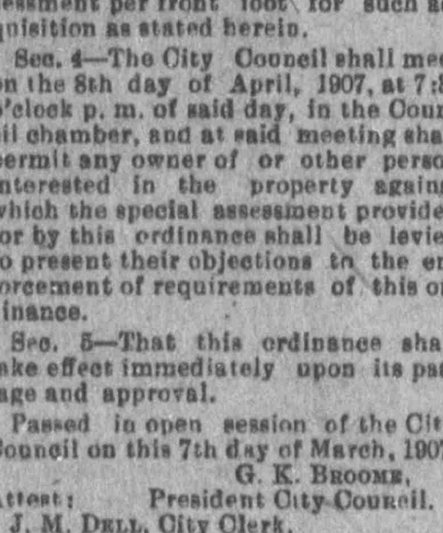
Passed in open session of the City Council on this 7th day of March, 1907.

G. K. BROOME,
President City Council.

Attest: J. M. DELL, City Clerk.

Approved by me this 8th day of March, 1907 W. R. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk.



One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

CHAMP CLARK TO ADDRESS BAR

Accepts Invitation to Meet Georgia Lawyers at Tybee.

Macon, Ga., April 3.—Secretary Orville Park, of the Georgia Bar Association, announced Monday that Hon. Champ Clark, of Missouri, had agreed to make the chief address before the members of the Georgia bar, at Tybee, in the annual meeting, which occurs in May.

Several days ago an invitation was extended by the executive committee, and the secretary has received a letter which stated that this distinguished democrat had conzented to be with the eGorgia lawyers on their Tybee meet. His address wil be made the principal feature of the occasion and all efforts will be made to convey the information to every member of the Georgia bar in time for each to take advantage of the coming of this leader. The officials have been highly pleased with the prospects of having the Missourian before the Georgia lawyers.

They Had a Narrow Escape.

Fitzgerald, Ga., April 3.—The pond at Rowen's Mill narrowly escaped being the scene of a frightful tragedy. A party of picnickers, composed of several Fitzgerald people and a number from the Parks Stock company, a theatrical company which has been playing here, spent the day at that place. Several members of the party went out on a raft for the purpose of picking pond lilies, when suddenly it went to pieces, throwing them all in the water. All escaped but not until after a desperate struggle which nearly resulted in the drowning of one young woman and two of the Park company's actors, Messrs. Jack Vernon and Bob Turner.

Tried to Take His Life.

Atlanta, April 3.—Despondent from the effect of alcohol under the influence of which he was still laboring when he committed the act, Walter Johnson, a fireman at No. 4 engine house, attempted to commit suicide by drinking laudanum. As soon as the young man's condition was ascertained, the Grady hospital ambulance was telephoned for, and the half-stupefied man was soon resuscitated at the Grady hospital by Dr. Hargrove, one of the house surgeons.

Salmon Gets Three Years.

Warsaw, Mo., April 3.—Major Harvey W. Salmon, one of the owners of the Salmon & Salmon bank, which failed at Clinton, Mo., on the 31st of June, 1905, with liabilities of $1,000,000, was found guilty by a jury here on the charge of grand larceny, based upon the allegations that he received deposits when he knew his bank to be in a failing condition. His punishment was fixed at three years in the penitentiary.

Victim of Black Hand.

Chicago, April 1.—Grazio Sato, an Italian, 34 years old, who arrived here two weeks ago, from London, was found dead early Saturday shot in the head. The police have 15 suspects under arrest. From what can be learned, it is thought that Sato was the victim of a plot.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs

PARADISE FISHES.

These Creatures Live In Odd Nests Composed of Air Bubbles.

Paradise fishes come from Japan, and their nests are very odd indeed, for they are composed of air bubbles. Unlike goldfish, they will breed and raise their young in an aquarium or even in a glass globe, and they raise three or four broods each year.

Ordinarily the male paradise fish is of a dull silvery color, but when he goes a-courting he puts on a brilliant coat, striped with streaks of red, blue and green. When the female fish is ready to lay eggs, she builds her nest by swallowing air and making bubbles, which are held together by a sticky secretion that comes from her mouth.

The eggs rise in the water and find a resting place among the air bubbles, to which they cling. The female fish tries to swallow the eggs, but her husband drives her away and keeps guard until the eggs are hatched. If the air bubbles burst, the male fish blows some more, so that the nest is always floating on the surface of the water.

At the end of five days the young are hatched out. They cannot swim, but cling like tadpoles to the air bubbles. If one falls, the father fish catches it in his mouth and blows it up among the bubbles again. He does not leave his little ones until they are able to swim, and then they take care of themselves.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

For a Sluggish Liver.

When your liver is really sluggish, practice the following exercises at least twice a day: Stretch one arm up as high as you can, while with the other one try and reach down toward the floor. Then reverse the position of the arms. You will find that you will unconsciously bend the body toward the lower arm. By this exercise the side muscles are strengthened, and the liver, which is like a sponge, is squeezed, and is thus much assisted in its work.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

What Rules the World.

Many years ago John Brougham, Lester Wallack, Artemus Ward and others used to meet after the play at Windhurst's, in Park row, in New York. One night the question, "What rules the world?" arose, and various opinions were expressed. William Ross Wallace, who was present, retired before long and some time later called Thomas J. Leigh from the room and handed to him a poem which he had just written. Mr. Leigh read it aloud to the company, and Mr. Brougham made a happy little speech of acknowledgment. The thing was entitled "What Rules the World," and the first stanza ran:

They say that man is mighty,
He governs land and sea,
He wields a mighty scepter
O'er lesser powers that be,
But a mightier power and stronger
Man from his throne has hurled,
And the hand that rocks the cradle
Is the hand that rules the world.

The Hiss Polite.

The Japanese prince drew in his breath with a hissing sound as he bent over the young girl's hand.

"Prince," she said, "I have been up against a lot of Japanese, and they all hiss like that when they meet you. What's the reason, anyway?"

"The reason is politeness," the prince answered. "I hiss—like this—I draw in my breath—I keep on drawing it in as long as I remain near you. For if I blow any out some of it might be blown in your fair face. What an offense! Shocking! And so we Japanese always hiss in exchanging greetings. Out of politeness we hold our breath."

Deputy Ford was the officer who made the arrest.

For Sale—One lot on corner of W. Main and Boundary Sts., 100x122½ feet. Cheap at $1,000; will sell for $800. Fifteen acres near University, will make 60 lots 100x100 feet, worth $5,000, will take $2,000 in order to let the other fellow make something. For further information apply at Sun office.

R. P. Lumpkin and T. B. Lewis, two leading citizens of Orange Heights, were among the visitors to Gainesville yesterday. They report that the farmers in their section feel very much encouraged after the rain of Sunday night and Monday. Mr. Lewis called at The Sun office and renewed his subscription.

Grant Player, proprietor of the barber shop on East Main street, S., evidently holds the palm when it comes to the novelty of a tonsorial job. He shaved a gentleman yesterday who is eighty-seven years of age. There is nothing peculiar in that, but the fact that Grant is the first and only barber who ever placed a razor on his face is where the distinction may be noted.

REWARD OUT FOR NEGRO MURDERER

Relatives and Authorities Anxious to Capture J. T. Linbush.

KILLED YOUNG DENNIS OSTEEN

In Cold Blood at High Springs on the Night of December 23, 1906—Made His Escape, and Has Since Been Successful in Eluding the Officers.

The relatives and authorities are after J. T. Dinbush, a negro who killed young Dennis Osteen at High Springs on the night of December 23, 1906, while the young man was in the discharge of his duty as a switch foreman in the yards of the Atlantic Coast Line at that place. As a result of their desire to capture the negro, who was last seen in Jacksonville on Christmas of 1906, two days after the murder, a reward of $200 has been offered, $100 by C. R. Osteen of Newberry, a brother of the murdered man, and $100 by the Board of County Commissioners in session Tuesday.

This will be remembered as one of the most cold-blooded murders ever transpiring in the county, the victim having been virtually shot down in cold blood without an opportunity to defend himself.

Linbush is described as being about six feet, two inches in height, weighing about 190 pounds, of a brown or ginger-cake complexion, with a bushy head of hair. When last seen he was clean-shaven, but is capable of growing a heavy beard and mustache.

Notwithstanding the fact that the officers were on the alert for sometime and every effort was made to capture the negro, he succeeded in eluding them, and has never been captured.

Inasmuch as this reward has been offered, it is hoped that it will result in the capture of Linbush.

A BIG LAND DEAL.

J. A. Maultsby Purchased Three Hundred Acres Timbered Land.

Another important timber deal has been closed, whereby J. A. Multsby, the brick manufacturer of Campville, has purchased through J. W. Patton, agent for S. A. Swann, a tract of timber land near Waldo. The tract comprises three hundred acres, and is heavily timbered. It is said to be one of the most valuable tracts in this section of the State.

Mr. Patton is one of the most thoroughly posted and most successful real estate dealers in the county, and has made many good deals within the past year or two.

The Senior Epworth League of the First Methodist Church entertained at the hospitable home of Mrs. T. F. Thomas Tuesday night. There was present a good crowd, and the evening passed off in a most enjoyable manner. The program was of a literary and musical nature, and all present were delightfully entertained. Delicious refreshments were served during the evening.

Letter to E. J. Baird, Gainesville, Fla

Dear Sir: Not one man, in ten, knows whether he's wasting money or not, when he paints. It depends on the paint.

With one paint, your job will take 10 gallons and cost $50 for paint and labor;

with another 12 and cost	$	60;
with another 14 and cost		70;
with another 16 and cost		80;
with another 18 and cost		90;
with another 20 and cost		100;
with another 22 and cost		110.

Here's an example: Professor Irvine, of the Academy, Mercersburg, Pa., painted the floors of his dormitories every year, one year with one paint, next year with the paint of the other dealer there—to divide the business between them—till Devoe came to town.

The job took 90 gallons; takes 60 Devoe. The difference, 30 gallons, $150. He didn't know he was losing $150 a year till he got Devoe.

Another example: When Geo. W. Brown, Union, S. C. painted B. F. Arthur's house first time it took 30 gallons "cheap" paint; repainted Devoe; 14 gallons.

Yours truly,
F. W. Devoe & Co.

FURIOUS ITCHING HUMOR ON CHILD

Bleeding Sores Covered Her Whole Body After an Attack of Measles—Nursed Every Night for Three Weeks—Nothing Helped Her.

THEN CUTICURA MAKES COMPLETE CURE IN 5 DAYS

"It is in my opinion my duty to join those who praise the Cuticura Remedies. After my granddaughter of about seven years had been cured of the measles, she was attacked about a fortnight later by a furious, itching and painful eruption all over her body, especially the upper part of it, forming watery and bleeding sores, especially under the arms, of considerable size. She suffered a great deal and for three weeks we nursed her every night, using all the remedies we could think of. Nothing would help. We then remembered having heard so much about Cuticura Remedies. We sent for them and after twenty-four hours we noted considerable improvement, and, after using only one complete set of the Cuticura Remedies, in five consecutive days the little one, much to our joy, had been entirely cured, and has been well for a long time. Mrs. F. Ruefenacht, R. F. D. 3, Bakersfield, Cal., June 25 and July 20, 1906."

HUMOR ON FACE

Cured by Cuticura Remedies No Return in 20 Years.

"My son, when a lad of sixteen, was troubled with humor on his face and after using Cuticura Remedies he was freed from every humor and has continued so to the present time after twenty years have passed. Your Cuticura Soap has been used in my family for several years and I have faith in the Cuticura Remedies. A. H. Smith, Marion, Me., Dec. 1, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. AN INTERESTING ORDER.

Rulings of Postoffice Department Regarding Mailing of Post Cards.

The Postoffice Department of the United States Government has recently made a ruling regarding the mailing of souvenir post cards, which will prove of interest to readers of The Sun, as it will enlighten them as to the quality and style of card which they will be permitted to mail at the one-cent rate.

This order comes to Postmaster L. C. Lynch as Order No. 98, and says:

"Post cards ornamented with glass, mica or other similar substances liable to injure the persons of those handling the mails, are hereby excluded from the mails, except when enclosed in suitable envelopes."

As will be noted from this order, postal cards with the above decorations must be enclosed in an envelope before they will be admissable to the mails. The glass and mica decorations have been quite a fad within the past few months, but this order will put a stop to their being mailed at the one-cent rate.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

An Informal Dance.

An informal dance was given by the young men of the city at the armory Monday evening, which was well attended despite the inclemency of the weather. The young folks enjoyed themselves to the fullest extent until the midnight hour, when they returned to their respective homes a tired but contented lot.

Prevents Headache.

Force them? No—aids them. Ramon's treatment of Liver Pills and Tonic Pellets strenthens the liver and digestive organs so that they do their own work and fortifies your constitution against future trouble. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

AT LAST THE RAIN HAS BROUGHT RELIEF

A Fine Downpour Visited This Section and Caused Rejoicing.

GREAT BENEFIT TO ALL

The Farmers, Truck Growers and Orchardmen Will Receive the Most Direct Good, As Crops and Fruit Trees Have Been Suffering For Sometime.

At last the farmers, truckers and fruit growers have been blessed with a good rain, with the result that they are all happy and expectant of great benefit to be derived along all lines.

The rain, which lasted during the greater part of Sunday night and Monday, was indeed refreshing to all, and will have a tendency to put on new and vigorous growth in the fields and orchards. The ponds and branches, many of which had gone almost dry, were also replenished, which will prove of great benefit to the cattle which were suffering for water.

This rain was the first of any consequence since early September of last year—more than six months. The planters were beginning to realize gravely the situation, and it looked as though this section was indeed in the face of a disastrous drought.

But the downpour has come, and everyone is happy in the anticipation of prolific crops.

Quite a sudden change of temperature was ushered in with the rain, the thermometer falling Monday to 44 degrees, but this change is not calculated to have any effect upon vegetation.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

MISS EMMA RUNTZLER

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

AT CAUCUSES OFFICERS NAMED

Hunt Harris and Eugene Matthews Are Honored.

BOTH GAINED THEIR POINT

Chas. Finley Defeats Appleyard For Secretary of the Senate—Andrews Elected Bill Secretary—Other Successful Candidates and Their Vote.

Tallahassee, April 1.—The expected has happened. As predicted in these dispathes, Hon. W. Hunt Harris of Key West was tonight by acclamation nominated for the presidency of the Senate of 1907, and Eugene S. Matthews for Speaker of the House.

Notwithstanding strong efforts to secure candidates to oppose these all efforts to accomplish this end were unavailing. Their unanimous choice tonight was a splendid tribute to the efficiency and standing of both successful aspirants, and as well to the thorough efficiency of their organizations and fidelity of their friends. As late as this morning the Harris opposition claimed his defeat as practically certain.

At 8 o'clock to the minute Secretary of the Senate Appleyard called the Democratic caucus of that body to order. Thirty-one members responded, the only absentee being Senator Newlan, who is critically ill at his home in Suwannee county.

Senator Henderson of the Eighth was nominated by Senator Crane for temporary chairman and T. J. Appleyard for temporary secretary by Senator Willis.

On motion of Senator McCreary the temporary organization was made permanent.

Senator Henderson in a very few words, accepted the honor and called the regular order of business.

Short speeches were the order of the day or night.

Senator W. Hunt Harris of the Twenty-fourth district was placed in nomination by Senator Beard of the Second, and seconded by Senator Buckman of the Eighteenth.

Senator Harris was declared the choice of the caucus by unanimous vote.

Senator Hudson nominated Dr. Theop West of the Fourth for President pro tem, seconded by Senator Neel. The genial Doctor was also elected by acclamation.

Finley Defeats Appleyard.

Thomas J. Appleyard was nominated by Senator Humphreys of the Twenty-seventh, who referred to his long and able service in this important capacity.

Charles A. Finley was placed in nomination by Senator Cone of the Fourteenth.

Mr. Finley's nomination was seconded by Senator Beard.

Senator Adams seconded the nomination of Mr. Appleyard.

The Senate then proceeded to ballot. Senators Buckman, Sams and West were appointed as tellers.

Hon. Charles A. Finley received 21 votes and Hon. Thomas J. Appleyard 10.

Mr. Finley was declared the caucus nominee for secretary.

J. O. Culpepper was nominated by acclamation on motion of Senator Cottrel for assistant secretary.

Other Nominations.

C. O. Andrews was nominated for bill secretary by Senator Trammell and Fred L. Robertson by Senator Baker. Andrews received 25 votes and Robertson 5.

W. W. Fox of Orange and Nat. W. Marion of Hamilton were nominated for reading secretaries. The ballot resulted in the choice of Mr. Fox by a vote of 19 to 12.

The following nominations were made by acclamation: Assistant Reading Secretary, C. B. Smith of Madison; Engrossing Secretary, George W. Hardee of Suwannee; Enrolling Secretary, J. F. Conova of Columbia; Recording Secretary, Mrs. Lettie B. Young of Leon; Sergeant-at-Arms, William J. Mickler of St. Johns; Messenger, Harry Fannin of Calhoun; Chaplain, E. H. Reynolds of Duval.

There was a close contest for doorkeeper between N. Eubanks and H. C. McRae, the latter winning by the bare majority of one vote.

Three candidates aspired to be janitor, Otto Kirdroff of Volusia, J. M. Coleman of Franklin and Eugene Hawkins of Jackson. On the first ballot Coleman received 19 votes and was declared the winner.

Picking the Pages.

Then came the closing scenes, the election of pages, which brought forth a motion of Senator Jackson that the number of pages be increased from three to four. This was strongly opposed by Senator Broome, who moved to table this motion. This was lost and the original motion was put. A demand for roll call was made, resulting on a reversal of previous vote and the motion was lost by a vote of 16 to 15.

Grover Harwell, James H. Crews and Albert K. Mathis were elected on first ballot.

House Caucus.

The House caucus was called to order by Chief Clerk Kellum, and the object stated. J. W. Watson of Dade was chosen chairman and made a brief speech of thanks. On motion of MacWilliams, seconded by Griggs, Farris of Duval was elected secretary. E. S. Matthews of Bradford was nominated Speaker in an eloquent speech by Wartmann of Marion, and seconded by Dorman and Farris. He was elected unanimously by acclamation and escorted to his seat by Matthews of Marion, and MacWilliams, making a brief and heartfelt speech of thanks.

On motion of Mr. Wartmann the caucus proceeded to elect attaches by ballot.

J. G. Kellum, chief clerk; A. C. Stephens, Hamilton, assistant chief clerk; George B. Dickenson, Orange, bill clerk, elected without opposition; Nat R. Walker, Wakulla, re-elected reading clerk over John W. Davis, St. Johns; G. J. Strozier of Orange, assistant reading clerk; A. S. York, Bradford, engrossing clerk; F. Umstead, Suwannee, enrolling clerk, with opposition, and John Trammell, Polk, defeated; J. M. Duncan, Hamilton, recording clerk; George E. Hawkins, for sergeant-at-arms.

For messenger ex-Senator Kirk won out on third ballot. Dan Wiggins defeated Robert Lanier, 36 to 31, and D. S. Bryan defeated J. A. Revels for janitor.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of
Ayer's HAIR VIGOR, AGUE CURE, CHERRY PECTORAL.
We have no secrets! We publish the formulas of all our medicines.

ORGANIZATION OF STATE LAW-MAKERS

Both Branches of Legislature Organized and Down to Business.

GOV. BROWARD'S MESSAGE

Was a Lengthy Document, and Touched Many Important Subjects of the Day—Senator Beard Introduced Resolution Great Importance.

Tallahassee, April 3.—Both houses of the State Legislature were organized yesterday at noon by the unanimous election of the officers and attaches nominated at the Democratic caucus the night before. In the House Mr. Pettigrew, Socialist, voted with his Democratic colleagues in the election of Speaker Matthews, Speaker pro tem. Knowles, and the various attaches of the House. In the Senate retiring President Trammell turned over the gavel to President Harris, both making brief and appropriate speeches, Speaker Matthews also making a very short but sincere speech of thanks upon being conducted to the chair in the House.

Chief Justice Shackleford swore in the members of the House of Representatives, and Justice Whitfield the newly-elected Senators, the ceremony in both houses being very impressive.

Upon organizing the two houses appointed committees to notify each other and the Governor that they were organized and ready for business, and a short while afterwards Private Secretary Simmons entered with the bi-ennial message of Governor Broward. It was ordered spread upon the journals of each house, the formality of reading it being passed over.

The Everglades question is not discussed, nor is State life insurance, in the message, excepting to say that the latter subject will be made the subject of a special message. The question of taxation is covered thoroughly and franchise taxes advocated. It is urged that the railroad commission be given additional powers, including control of the physical properties of the roads. The State militia receives attention, and a strong plea is made for education, especially for the elementary and rural schools of the State. Uniform text books and compulsory education are both advocated, also a direct levy for the higher institutions, instead of paying their expenses out of the general revenue fund. The consumption problem is discussed at length, and measures urged to prevent infection. Brief attention is given the pardoning board, the prison system, the reform school for children, and child labor, the latter being denounced as one of the greatest crimes in the land. Brief mention is made of the Hospital for the Insane, and considerable space is given to good roads, the fish and oyster industries, protection of game and forests, and immigration. Lobbying is condemned, and deportation is suggested as the remedy for the race problem. The question of good roads is treated at length, and a number of other matters are touched upon. In conclusion the Governor makes an attack on papers which he declares have maligned the administration now in office.

The only action of importance beyond the usual formalities yesterday was the passage of Senate concurrent resolution No. 1, introduced by Senator Beard, providing for the appointment of a joint committee to investigate the Internal Improvement Fund, with sweeping provisions. While the resolution was under discussion, a special message was taken up in the Senate from the Governor, and was found to contain an urgent request for a thorough investigation of the actions of the Trustees of the Internal Improvement Fund, of which board he is chairman, and the Beard resolution was passed unanimously, after which the Senate adjourned until two o'clock this afternoon. Meanwhile the House had completed its work for the first day and adjourned until ten this morning.

Naftzger, $4; Wm. Anderson, $2; E. A. O'Neill, $2.90; Baird Hardware Co., $1.10; Firemen, $80; Saunders & Earle, $35.20; Hose Companies Nos. 1 and 2, $35.50. Printing Fund—The Sun, $26.42. Special Printing Fund—The Sun, $3 58.

Alderman Cushman moved that the assessment on real property of Willie McRae be reduced from $600 to $300, and on personal property cancelled, which motion was carried.

Alderman Taylor moved that the city pay one-third of the cost of curb and gutter on east side of Myrtle street and south side of Seminary street around the property of B. F. Williamson, provided Mr. Williamson construct granolithic sidewalk. Motion carried.

Alderman Taylor moved to refer complaint of W. J. Denby regarding apparent irregularity of water meter, etc., to Water Committee, which motion was carried.

Alderman Bunch placed in nomination the name of W. S. Broome for City Attorney for the coming year, and there being no other nominations Clerk Dell cast the vote for Attorney Broome.

Alderman Taylor nominated E. A. O'Neill for Chief of the Fire Department to succeed himself for one year. Chief O'Neill having no opposition, the ballot was cast by Clerk Dell.

Alderman Cushman moved that the chairman of the Election Committee be instructed to have portable booths constructed. Motion carried.

A motion was made by Alderman Cushman authorizing the Chief of the Fire Department to purchase 500 additional feet of hose, which was carried.

The Council adjourned to Thursday evening.

NOTICE.

Notice is hereby given that application will be made to the Legislature of Florida to convene in April, 1907, for the passage of a bill for the relief of Geo. W. Hawthorn, who was convicted at the fall term of the Circuit Court, held in and for Alachua county, A. D. 1906, of assault with intent to murder.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

LABORERS ARE SCARCE.

Contractor Beeman of the Sewer Work Declares It Difficult Problem.

Contractor Beeman, who is installing the sewerage system, is making fairly good progress under the circumstances, but complains of the scarcity of labor, which it has been almost impossible to secure. He is working now only about twenty-five men, when double the number could easily be employed. He is negotiating for the employment of twenty-five Greeks, who have been engaged in the sponging industry on the Gulf coast.

For a long time Contractor Beeman experienced considerable trouble in the delay of material, which necessitated several times the suspension of work. The material is arriving with more regularity now, however, and no further trouble is expected from this source.

With no further interruption in the work, the system should be completed within the next three or four months.

POLITICAL ANNOUNCEMENTS

For Marshal.

I respectfully announce my candidacy for the office of City Marshal at the election on April 9th, 1907. If elected I shall perform the duties of the office without fear or favor.

BENJAMIN T. ARNOW.

Gainesville, Fla., Jan. 14, 1907.

I respectfully announce my candidacy for re-election as City Marshal, promising to faithfully discharge the duties of the office in the future as I have endeavored to do in the past. I solicit the votes of all good citizens.

Respectfully,
CHAS. PINKOSON.

For City Tax Assessor.

W. M. Bradford hereby announces himself as a candidate for re-election as city tax assessor. He has performed a full and faithful service of the office during his past administrations, and asks the support of the public and the registered voters in the coming campaign.

RATES BASED ON VALUE.

It is inofficially reported that the railroads west of the Mississippi and south of the Ohio intend to make a concerted movement in the courts against laws passed by the States reducing passenger rates to 2 cents a mile. The railroads will bite off their own noses if the succeed, for the loss of revenue, if any, on passenger rates can be used as a good excuse to keep up freight rates, for a time at least. In the end both passenger and freight rates will be reduced on those railroads which are earning over 6 per cent net and this with the grafting now indulged in by many railroad officials omitted. In fairness to the railroads in question, it must be admitted that the less density of population in the West and South requires a higher rate than in the East and the compromise rate of 2½ cents a mile for the present would seem to be a fair proposition.

In demanding reductions in freight rates it must also be remembered that some through rates on some classes of goods are much lower in proportion than on other classes and lower than for the same classes for shorter hauls and any arbitrary percentage of reduction might be an unfair one and would not be supported by the courts. No rates can be reduced below where it is reasonably profitable to the railroad under the new rate law, and just where that reasonable point is must be discovered.

It is very important to the people that any reduction of rates must be within that reasonable legal rule and can be shown to be such when a test is made in the courts. For the people to be defeated and the railroads be able to show that a reduction was unreasonable, and therefore unlawful, would turn the hands of the rate reform clock backwards and postpone rate reduction perhaps for a long period. The only safe test is to first have all the railroads appraised at what they could be replaced for and then what are fair and reasonable rates can be arrived at that will be upheld by the courts. Public opinion should urge the next Congress to give the Interstate Commerce Commission power to employ expert engineers and real estate appraisers to arrive at a just valuation. Then the Commission can act understandingly and apply reasonable rates.

THE PURE FOOD LAW.

Washington is preparing to suffer this summer one of the penalties of the Pure Food Law, in common probably with all the other cities of the country. It is a raise in the price of ice cream soda. This at first glance may not seem a subject of national importance. It is used for illustration only. It is significant. Before the Pure Food Law was passed, one of the chief arguments used against it in Congress by all the manufacturers was that they did not need such a law, as all of their food products were pure anyhow, and the law would make no difference to them. Now that the law is working, every manufacturer without exception has declared that they have to raise the price of their products because the Pure Food Law has compelled them to use so much more expensive material. Soda-ice cream is only one of a thousand things that has received a boost in price. Practically everything else in the preserved food line has gone up and the country is footing the bill several times over. Yet many of the labels that have been passed on and approved by the Department of Agriculture under the new law are about as misleading as they could well be. "Canned roast beef" is labelled just as it was before the law was passed, and it is no more roast beef than a whitewashed fence is a Dore painting. Stearine is allowed in lard and the Department sanctions a "pure lard" label all over the package. There are a score of other evasions that are just as flagrant.

FISH SKINS OR FEATHERS.

The Collector of Customs of New York has decided that frog skins are leather and are subject to a tariff duty of 30 cents a pound and 20 per cent ad valorem. The Japanese importers declare the skins are fish skins and therefore being on the free list, no duty should be exacted. If the Department follows its former rulings the frog skins are feathers, for some years ago the experts of the Department decided that frog legs were dressed poultry, consequently frog skin must be chicken feathers and pay duty accordingly. The Dingley tariff as interpreted by Republican politicians is a wonderful law that even its inventors do not understand.

Grippe or Influenza, whichever you like to call it, is one of the most weakening diseases known.

Scott's Emulsion, which is Cod Liver Oil and Hypophosphites in easily digested form, is the greatest strength-builder known to medical science.

It is so easily digested that it sinks into the system, making new blood and new fat, and strengthening nerves and muscles.

Use *Scott's Emulsion* after Influenza.

Invaluable for Coughs and Colds.

CONVICTED FOR WEARING UNIFORMS.

Harrison Bloodsworth was convicted in the County Judge's Court of Suwannee county of wearing part of a uniform and insignia of rank prescribed by general regulations for use of active militia in the State of Florida, and sentenced to pay a fine of $25 or be confined in the county jail for a period of sixty days. The accused was wearing a pair of blue trousers, with regulation stripe of commissioned officer.

Adjutant-General Foster says:

"It is of great importance to everyone in the military service, and should be to every citizen as well, that the uniform of the United States soldier should be preserved for the use of those only who are in the military service of their country, and not be indiscriminately worn by unauthorized persons.

"The fact that it is possible for anyone to buy articles of military clothing, and that the service uniform, bearing the stamp of the United States Quartermaster Department, is commonly sold throughout the State as a substitute for overalls, is the means of cheapening the uniform and discrediting the military service generally in the eyes of the people. Fortunately the Florida law provides a remedy which may be applied by those who are authorized to wear the uniform and appreciate the honor of doing so.

"It is earnestly hoped that officers at all the posts in the State, and members of the regular establishment as well, will follow the example which has been set them in this matter by causing the arrest and punishment of persons who violate this provision of our State law. As soon as it becomes generally known that the wearing of articles of the uniform by civilians will subject them to arrest, and possibly to imprisonment, even though they have purchased the articles in question, both the sale and wearing of military clothing will be effectually checked."

THE HAPPY FARMER.

A certain class of newspaper men assert that a farmer is the most independent man on earth, and that he has nothing to do but to enjoy life. That when winter comes he toasts his feet in the oven and reads the local newspaper and the only thing that disturbs him is a call three times a day to a banquet of mince pies and other luxuries. It is a mistake. The industrious farmer begins work long before the sun thinks of getting up. With his soul shrouded in gloom he proceeds to build a fire and soften his boots with a sledge-hammer. He then takes a lantern to the barn and feeds the hogs. It is then time to feed the newly-arrived calf, which seems to delight in butting a pail of milk over the tillar of the soil until he only needs to be stamped to pass for a package of oleomargarine. He crawls through a barb-wire fence and feeds the cows, cleans the stable, chases a stray pig worth 25 cents for four miles, and does not catch it, doctors a sick horse, gets kicked by a one-eyed mule, and when the gloaming comes and quietness broods over the earth, he has a single half-hour to meditate and wonder how he will pay his taxes.

It is a little curious and rather laughable despite the seriousness of the situation to see how Secretary Cortelyou flew to the aid of Wall street almost as soon as he was settled in the Treasury Department. The first thing he said on taking office was that he was tired of seeing the government called on at every turn to bolster up the stock market, and the one thing he intended to do was to divorce the Treasury from Wall street. This was a fine resolve and lasted almost a week. Then came the squeeze in money, and the new Secretary came to the rescue with additional deposits in National banks. Then came the panic, and the things that Secretary Cortelyou has done to help the situation were more far reaching than those attempted by any of his predecessors. It was all perfectly proper, too. The financial system of the country is such that the Treasury has to help out Wall street when the big gamblers get down toward their white chips, else there is a disturbance in the real industries of the country. But it was rather amusing to see how promptly Mr. Cortelyou spread the landing net as soon as he found he had to.

Former-Senator Burton of Kansas is doing a great deal of talking since his release from prison, and his talk is more or less vitriolic. Senator Burton is not a good loser; he should have been an honest man. He should have remained honest. He is smart enough, but he is too sensitive to engage in double dealing or dishonest practices. It may have been his cupidity that led him to act as counsel for that gambling firm of St. Louis, but Burtan is smart and he knew he was dishonest in doing it while he occupied the distinguished position of a Senator of the United States. Any except a pettifogging shyster would have been ashamed to have resorted to intrigues and the intricacies of the law as counsel in such a business, but Burton as Senator had influence—and he took the money. What he says will have no weight among sensible men. Instead of making speeches and criticising President Roosevelt among old neighbors out at Abilene, he should go modestly about his business, determined to sin no more.

There is one thing at least in the course the Treasury has pursued. It shows that there is no real hostility toward the railroads and the big financial interests on the part of the Administration. The Secretary of the Treasury has increased deposits with National banks, he has anticipated the interests on government bonds, and done the other things necessary in the premises. He has gone further than any other secretary also in that he has accepted certain high-class railroad bonds as security for circulation. The bonds admitted to this distinction are those accepted by the Legislatures of New York and Massachusetts as savings bank investments. The measure is a practical one of relief, but its most important aspect is that it gives the moral endorsement of the government to railroad securities as it has never been given before. In this way it ought to do a good deal to restore confidence and show that there is no hostility on the part of the government toward the railroads.

MR. PHARES BELL IS YET CONFIDENT

Feels Sure That Soldiers' Home Will Be Erected Here.

AMBITION OF HIS LIFE

He is a Federal Veteran, But He Loves All Comrades, and Wants to See Them Live and Eat and Talk Together Before He Has Passed Away.

For sometime Phares Bell of Ohio, a Federal veteran who has manifested a great deal of interest in the soldiers of both the Union and Confederacy, has been at work in the matter of establishing a Veterans' Home, a nation affair, which would carry the pride and distinction of being a national institution. It is the intention of Mr. Bell to establish this home in or near Gainesville, and he is working to that end and declares that he will not be satisfied until his work is accomplished.

Mr. Bell is again in the city, having just returned from Savannah, Ga., where he has been in the interest of his project. He called at The Sun office Monday and made report of his progress, which is very encouraging.

Mr. Bell is an enthusiastic Veteran, and as fair as he is enthusiastic. He declares that he loves every Veteran, it makes no difference whether a Union or Confederate, and he wants to see a home where they can rest together and "fight their battles over" with less danger of having to give up a life. He is very enthusiastic in his purpose, and declares he wants to see his project accomplished, when he will then be ready to give up the troubles of this life.

This home, when completed, according to Mr. Bell's ideas and intentions, will cost not less than $6,000,000, and will be an institution of which the nation will feel proud. It will be an institution which will advertise Gainesville the world over, and will be worth a great deal in this direction.

The projector of this institution is an earnest, ambitious and determined worker, and feels confident of his ultimate success. He declares he is working for the home "because he wants see such an institution before he is called to another world," and is bending every energy to accomplish his effort.

A Poor Organ.

Dam(s) the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

Girl's Assailant Killed Rescuer.

St. Joseph, Mo., April 2.—Charles T. Stanley, a commercial traveler, was killed here Sunday night by Wesley, Christopher, who it is alleged, assaulted a young woman in an alley, and when Stanley heard her screams he ran to her rescue, and was fatally hurt. Christopher was arrested.

NEGRO BABY IS DEAD.

Child Found in Back Yark Succumbed to Result of Severe Exposure.

The colored child which was found in the back yard of the premises at the corner of East Main and East Masonic streets a few mornings ago, of whom Nettie Rogers, a colored girl, admitted to be the mother, is dead, and was buried in potter's field under direction of city authorities.

The Rogers girl is still ill. She will be arraigned in County Judge's court as soon as she is enabled to appear. The infant was given into the custody of a kindly colored woman who did everything possible to save its life, but the exposure incident to its being cast out resulted in ultimate death.

Fennell and His Hat.

"Where Did You Get That Hat?" used to be an old familiar song around these quarters The query came into play again Tuesday, but not in the words of a song.

Sheriff Fennell is one of those fellows we read about who was born lucky. But it has been his good fortune to possess a nature and a disposition which made him so, his popularity coming as natural as water comes to a milk wagon.

The genial sheriff is always being remembered by his friends from everywhere and the latest evidence of esteem is in the form of a fine Stetson hat, which has been sent from Texas by his friend, J. L. Boulware.

The "bonnet" arrived in time for Easter. It is a handsome one, very becoming, and it is no wonder that the good-natured officer is proud to wear it.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Cotton Seed Oil Mills Burn.

Charlotte, N. C., April 2.—Fire which had its origin in the boiler room of the plant, destroyed the cotton seed oil mills at Pittsburg, together with tons of seed, and before its progress could be checked, burned several adjoining factories. Only by the hard work was the destruction of the town prevented. The loss will reach $45,000, with small insurance.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

TWENTIETH CENTURY CLUB.

This Popular Society Entertained Husbands and Friends.

The Twentieth Century Club entertained their husbands and friends at the elegant home of Mrs. C. A. Colclough, corner West Liberty and Garden streets, Tuesday evening.

It is needless to add that this function was well attended, as the club has a large membership, and nearly every member was accompanied by her husband or a friend, and in some instances by both. The evening was delightfully spent, as Mrs. Colclough and her charming daughter, Miss Lucille, enjoy an enviable reputation as entertainers.

The home was beautifully decorated for the occasion in evergreens and pot plants, which were admired by those present.

The guests were treated to a delightful literary and musical program, and delicious refreshments were served. It was an evening which will long be remembered by those who were so fortunate as to be present.

EASTER CEREMONIES.

The Rocky Point Sunday School Had a Most Interesting Program.

Rocky Point was not behind in the matter of Easter ceremonies. The children of the Sunday school at that place arranged a neat and interesting program, and the numbers were carried out in a most interesting and pleasing manner.

The exercises were held in the afternoon, and were well attended. The program comprised recitations, speeches, etc., by the little folks, all of which were enjoyed.

The exercises were in the hands of the Sabbath school scholars, to whom those who attended the Easter services are indebted for a very pleasant afternoon.

Why

Dogs Lapped Blood of Wonded Man.

Richmond, Va., April 2.—Isaac B. Ritter, a married man and a veteran of the Spanish-American war, was shot and almost instantly killed by Otho N. Hilliard, at Carpers Valley, 2 miles from Winchester, Va. Hilliard, who makes his home with W. G. Carlisle, claims that Ritter attempted to force his way into the house, and that he shot in self-defense. Ritter bled to death in two hours and was left lying where he fell until the coroner's inquest. Dogs lapped up the blood from his wounds. A woman is said to be at the bottom of the affair. Hillard is in jail. He is 26 years of age. Ritter was thirty.

NOTE—The above petition will be presented to the Board of Public Instruction of Alachua county, Florida, at the meeting to be held on May 7th, 1907.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

CROP WILL BE SHORT.

Opinion of Captain Paul, Who Has Recently Been in South Florida.

Captain Antoine Paul, special agent of the United States land office, who has recently returned from South Florida, where he spent several days, visiting various sections, is of the opinion that the orange crop the coming season is going to be about twenty-five per cent short of the average yield.

"We all know that this shortage will be occasioned by the long and continued drought," remarked Captain Paul. "The people of South Florida had no rain for months, with the result that the trees and everything in the agricultural and horticultural line have suffered."

Captain Paul stated that the drought seemed to effect more especially the trees in DeSoto county, where he spent several days. He noticed the leaves were badly withered, that the blooms were dropping, indications pointing to a shortage. The recent rains, however, may have revived the trees sufficiently to retain the blooms.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

NOTICE FOR PUBLICATION.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" it in The Sun.

From Tuesday's Daily Sun:

L. C. Bell of Dutton spent Sunday in this city.

Joseph Smith of Micanopy was a business visitor to this city yesterday.

M. A. Densler of Newberry was transacting business in this city yesterday.

T. J. McRae, Jr., left yesterday for Tallahassee, where he expects to spend a few days.

A. E. Miller, a well known citizen of the Evinston section, was transacting business in this city yesterday.

Israel Fennell of Melrose was in the yesterday. He is a nephew of our worthy Sheriff, L. W. Fennell.

R. C. Small of Hague was in the city Sunday. He had his name enrolled on the ever-increasing subscription list of The Sun.

Mrs. D. M. Tomkies spent Saturday in Waldo in attendance upon the Sunday school convention of the Santa Fe River Baptist Association.

J. A. Beach of Tyler was in the city yesterday and made The Sun an agreeable call. Mr. Beach is one of the valued employes of the Tyler Lumber Company.

F. M. Prewitt has returned from Waldo, where he has been on a brief visit to his wife and children. Mrs. Prewitt and children are spending a few days with relatives at Waldo.

Mrs. A. W. Taylor and niece, Mrs. Alexander, of Virginia, who is here on a visit, left yesterday for St. Augustine, where they will spend a few days, incidentally taking in the Ponce de Leon festivities.

Robert Dixon left yesterday for Micanopy, where he has accepted a position with A. T. Gunter, the liveryman. Mr. Dixon is one of the most competent and best posted men in the county on the roads.

Mrs. R. Redfearn and interesting little son, Cyrus, of Monroe, N. C., who have been here for some time as guests of Mrs. M. E. Houston, mother of Mrs. Redfearn, have returned to their home via St. Augustine.

O. D. Huff of Evinston, one of the most successful truckers in that section, was among the visitors to Gainesville yesterday. Mr. Huff reports a good rain in the vicinity of Evinston Sunday, which was welcomed by the farmers, as it was the first of consequence for some time.

Mr. and Mrs. W. L. Poulnot and children, who have been residents of this city for the past three years, have decided to make their home in Savannah, where Mr. Poulnot, who is a bookbinder, has secured a lucrative position with The Savannah Morning News. They left Saturday.

Frank Jenkins, formerly of this city but now of White Springs, where he is employed by the R. J. & B. F. Camp Company, lumber manufacturers, has recovered from a spell of illness which confined him at the Odd Fellows' Sanitarium for several days. He expects to return to White Springs in a short time.

Marshal Pinkoson, who has been making a wholesale raid on cows recently, had occasion to dispose of two animals Saturday in order to pay the cost of expense bill. The officer did not state the price received, but it is safe that the cost was sufficient to pay the expense. A large number of cows have been "arrested" within the past few days for loafing on the streets, but with these two exceptions all were redeemed by their owners.

Mrs. H. H. McCreary and daughter, Miss Irene, left the city yesterday. Mrs. McCreary goes to Tallahassee, where she will be with her husband, Senator McCreary, through the session of the Legislature, while her daughter will visit Miss Margaret Jackson at Farmgould, Ark., for a few weeks. Miss Jackson was here for some time as the guest of Miss McCreary. She is a young lady of a most cordial disposition, and made many friends here. She has promised to return before another New Year, which is gratifying to those who had the pleasure of meeting her on her last sojourn.

From Wednesday's Daily Sun:

Constable J. D. Siford of Newberry was in the city Monday. He made The Sun an agreeable call.

Dr. N. J. Barry, a popular druggist of Newberry, was among the business visitors to Gainesville Monday.

The county school board was in regular monthly session yesterday, at which a great deal of business of importance was transacted. A full board was present, and the meeting lasted through most of the day.

Mark S. Lanier, formerly of Newberry but for the past two years residing in Miami, was in the city yesterday. His friends here were glad to welcome him again. Mr. Lanier made The Sun an agreeable call.

A telegram was received in this city yesterday to the effect that George Reddick was elected a page in the Lower House. George is a bright and popular lad, and his friends will congratulate him. He held a similar position at the last session

Deputy Sheriff W. M. Burch of Micanopy arrived in the city yesterday having in custody Lucius Gainey, convicted in Justice J. W. Smith's court of carrying concealed weapons. He was sentenced to pay a fine of $100 and costs or spend six months in prison, and being unable to raise the price of the fine will take a few lessons in the naval stores profession.

Miss Leonora Conway, a professional nurse who has made her home in this city for several years, and who has become quite popular, expects to go to Valdosta, Ga., where she will be identified with the Dr. J. B. S. Holmes Sanitarium. Miss Conway's friends and patients here regret very much her departure, but wish her much success in her new home.

C. Y. Crawford, senior member of the firm of Crawford & Davis, liverymen, has returned from St Louis, where he went to purchase stock. This firm has just received a carload of fine stock, which is now on sale at their stables, and which will prove bargains to those desiring to purchase. An invitation is extended to all interested to call and examine the animals.

Dr. Armstrong, who is making regular professional visits to Gainesville on the second Monday of each month, is meeting with marked success in the treatment of all complicated forms of eye trouble. Those having complications of the eyes or nervous system would do well to see him. He will be here next Monday, April 8th, without fail, at the Brown House. Office hours 8 to 5—one day only.

During the storm of Monday a large oak tree was blown down on the bridge spanning Sweetwater branch on East Seminary street, which completely obstructed the passageway for several hours. There was no damage to the bridge, however, and the obstruction was removed by the street force. Another large oak was blown down on West Church street, blocking that thoroughfare for several hours.

Friends of T. J. McRae, Sr., are glad to see him out again, after being confined to his room for the past few days. Mr. McRae was the victim of a very painful, as well as peculiar, accident. In dropping some acid for medical purposes near his eye the acid was absorbed by the eye, causing him a great deal of pain and annoyance. It was fortunate, however, that nothing serious resulted, and Mr. McRae is receiving congratulations.

A CONVERTED JEW.

Rev. A. Lichtenstein Delivered Three Interesting Sermons Sunday.

Rev. A. Lichtenstein of St. Louis, a converted Jew who has been for nineteen years preaching Christ in the Protestant churches, delivered three interesting sermons in this city Sunday. The morning and afternoon services, by special invitation of Rev. S. B. Rogers, the pastor, were held in the First Baptist Church, and were well attended. The evening service, which was also largely attended, was held in the First Presbyterian Church, the pastor, Rev. Thos. P. Hay, having extended to Mr. Lichtenstein the courtesy of his pulpit.

Mr. Lichtenstein's remarks were well received, and very instructive. He gave the story of his conversion to Christ in a most interesting manner, which was attentively listened to by the congregation.

THE NEW OAKS.

Elegant Plans Have Been Submitted. House Will be a Modern One.

Several days ago The Sun contained a notice to the effect that Major W. R. Thomas, the new proprietor of The Oaks, expected soon to thoroughly remodel and enlarge the hostelry, and that plans were being prepared.

It is stated now that the plans have been received, and they contemplate many improvements in the property as well as an addition. It is said that when The Oaks is completed under these plans it will be a fifty-room hotel, modern in every respect, and a credit to the owner and the city.

Being located on one of Gainesville's handsomest residential thoroughfares, surrounded by towering oaks under which is stretched a beautiful lawn, this resort certainly appeals to lovers of nature as an ideal living-place, and the proposed improvements will add more to its attractiveness and beauty.

BASEBALL THIS WEEK.

Oak Halls Will Meet Stetson University Team for Two Games.

There will be "something doing" on the local baseball field this week, two games being scheduled with the team of the Stetson University of DeLand.

The Oak Halls, which for a long time enjoyed the reputation of being the best team in the State, has been reorganized, and are now in good practice. This team will meet the team from Stetson on Friday and Saturday afternoons, when two interesting and exciting games are anticipated.

The people of Gainesville have always been loyal to the national game, and it is expected that there will be good crowds in attendance at both games to encourage the home boys. The best players of the city have been enlisted, and the contests promise to prove of deep interest.

A Fine Pair.

J. J. Haymans, who resides on Roper avenue, East Gainesville, is the recipient of a pair of fine bulldog pups, which were shipped to him by S. D. Dunn of Dade City. While the pups are very young, the trace of the thoroughbred is easily discernible, and it is safe to say that they will make a good pair.
